

SEOMATIC

What SEOmatic’s AI agents do for a website

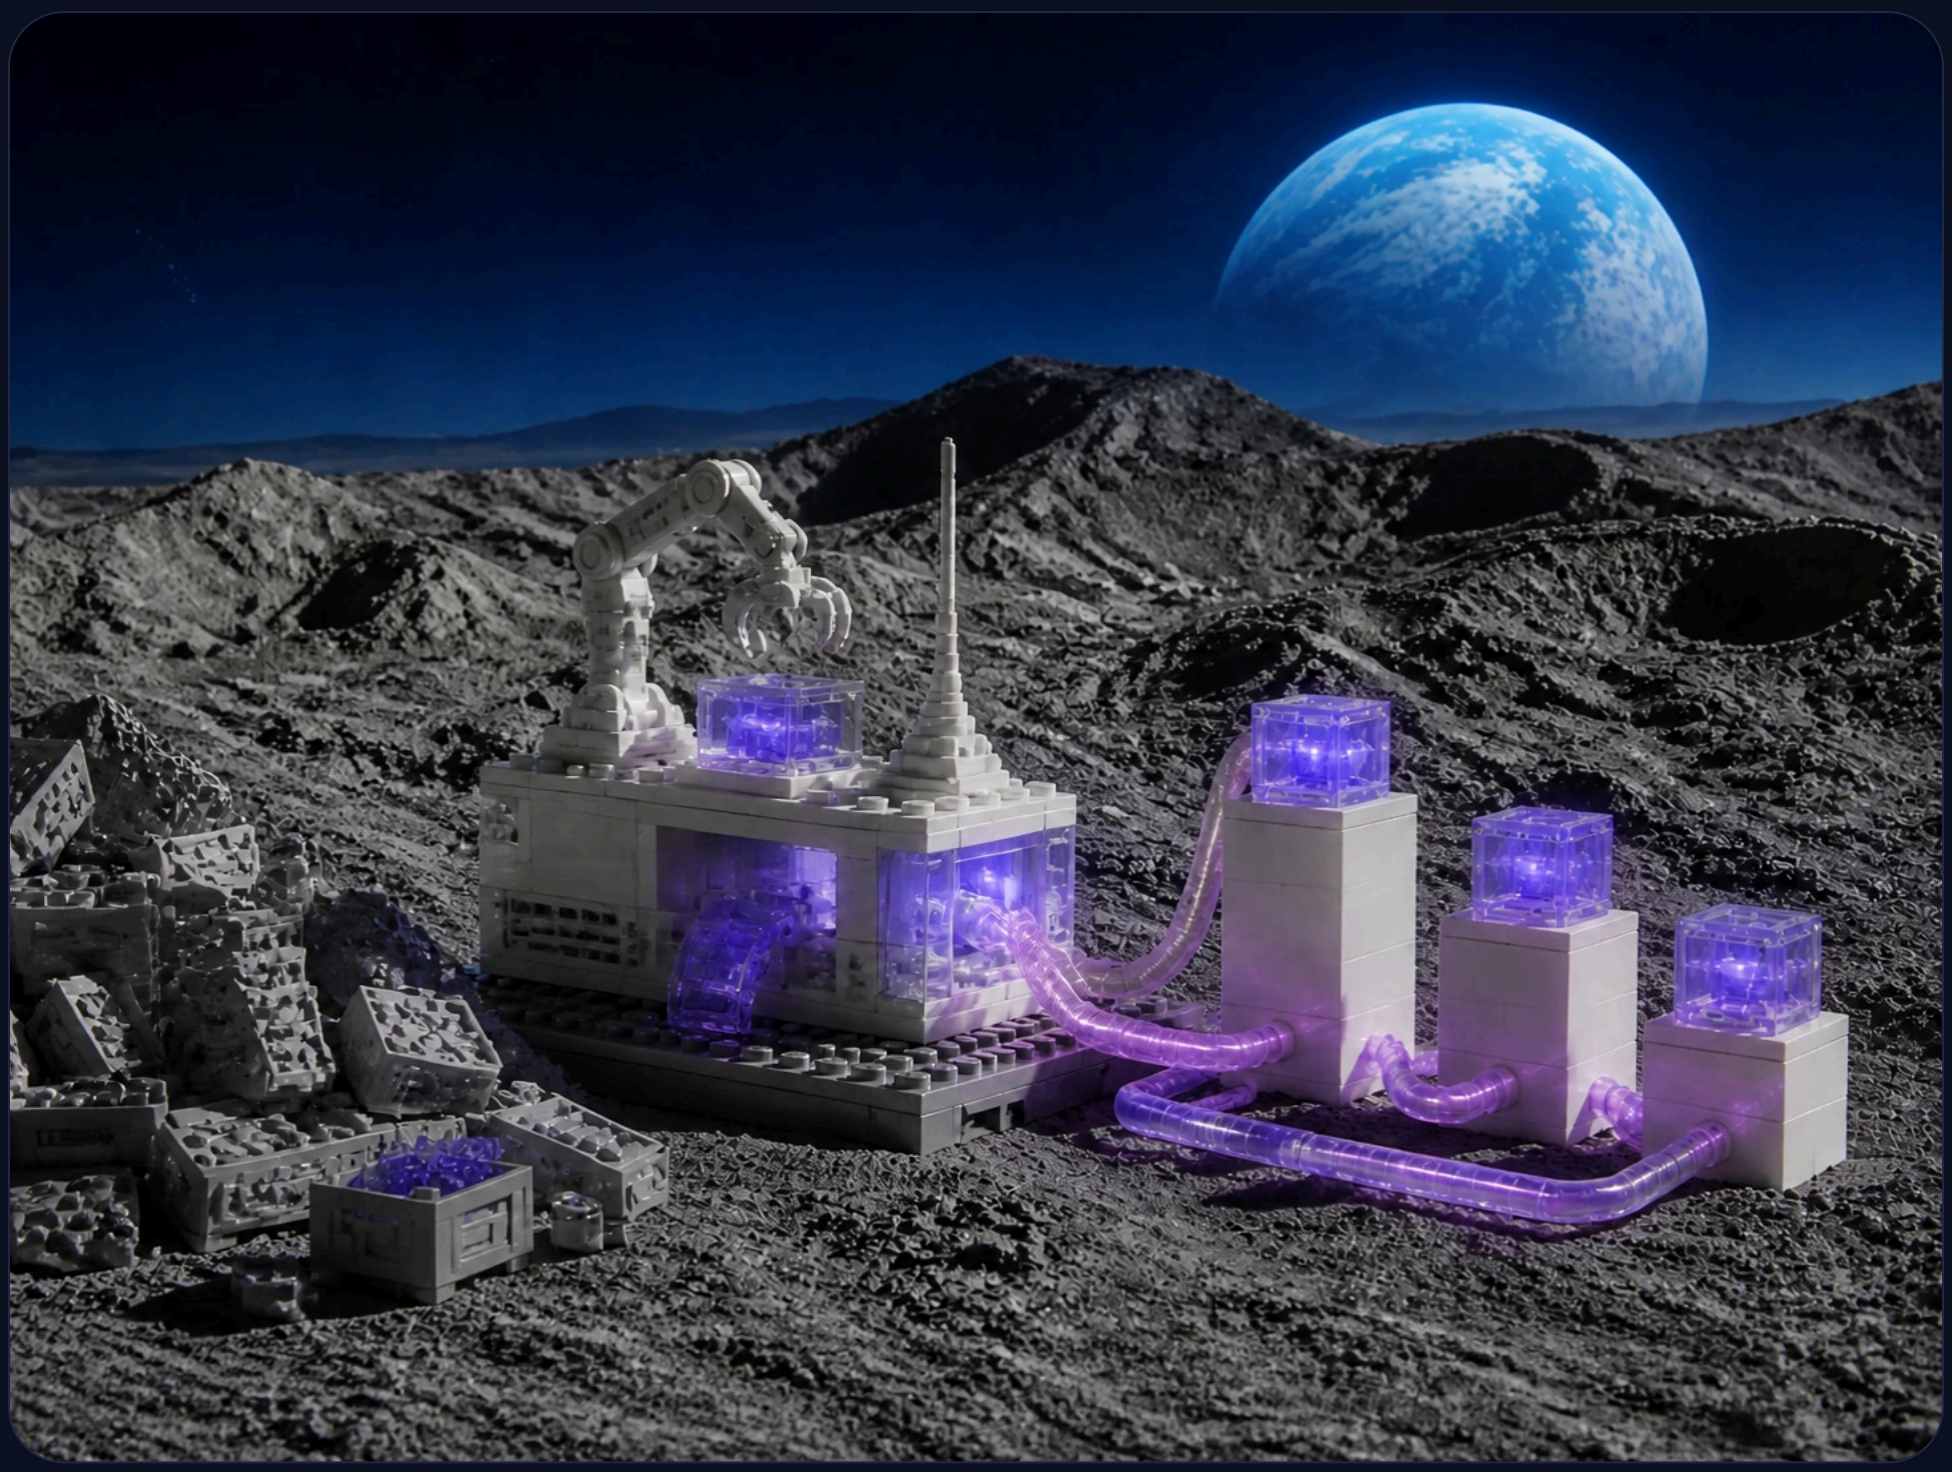

Four steps. Swipe through.

STEP 1

Read your Google data

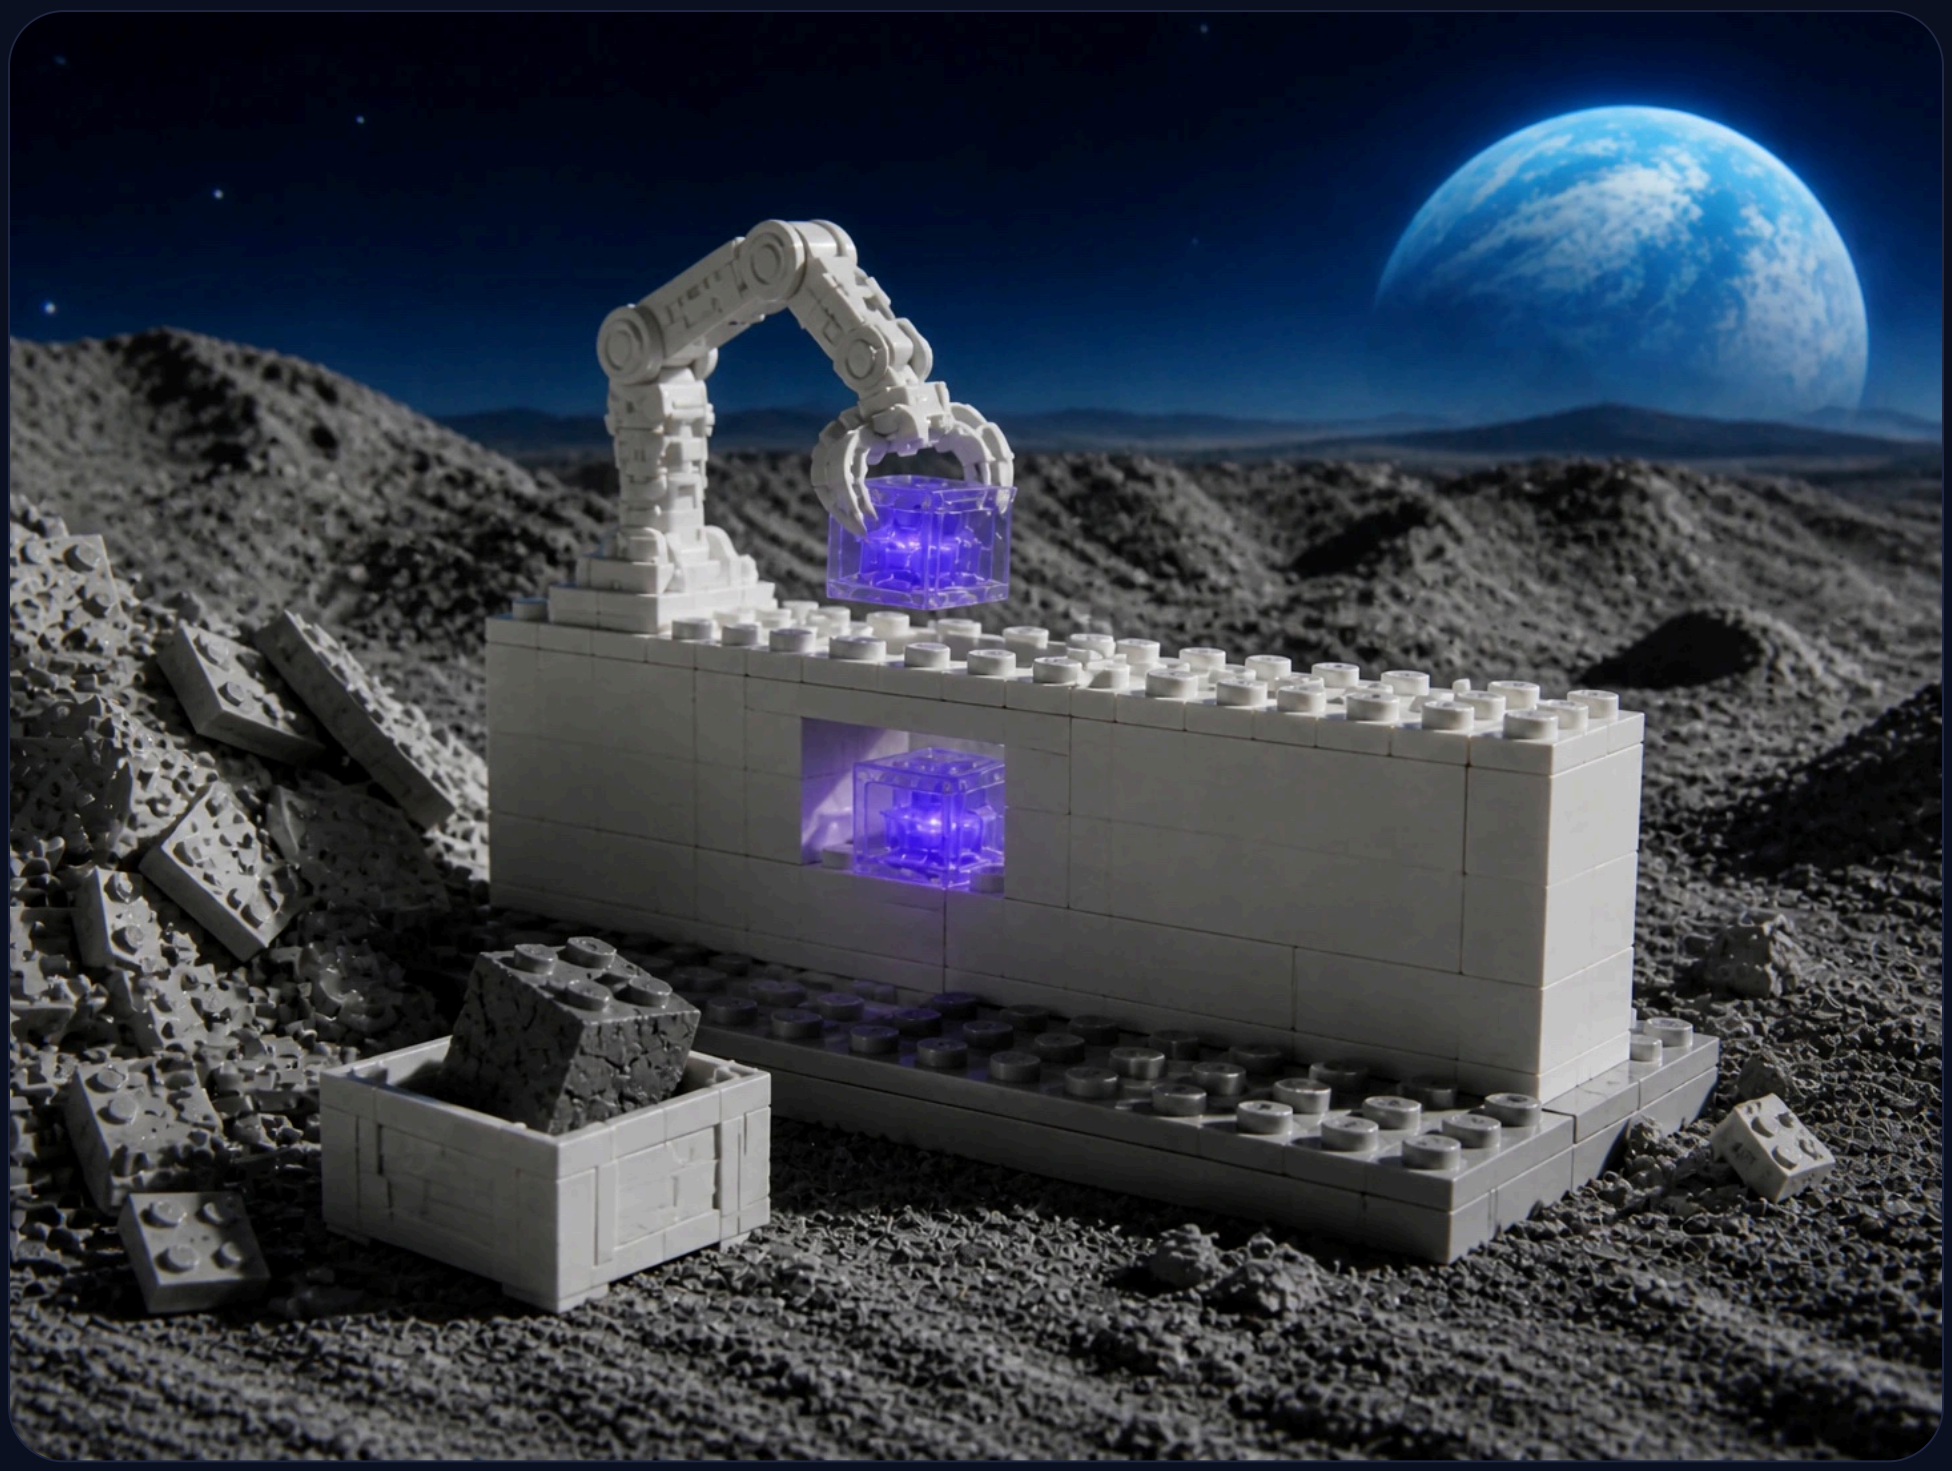

They start from your Google Search Console, so the work begins where your site already shows up.

STEP 2

Pick the work worth doing

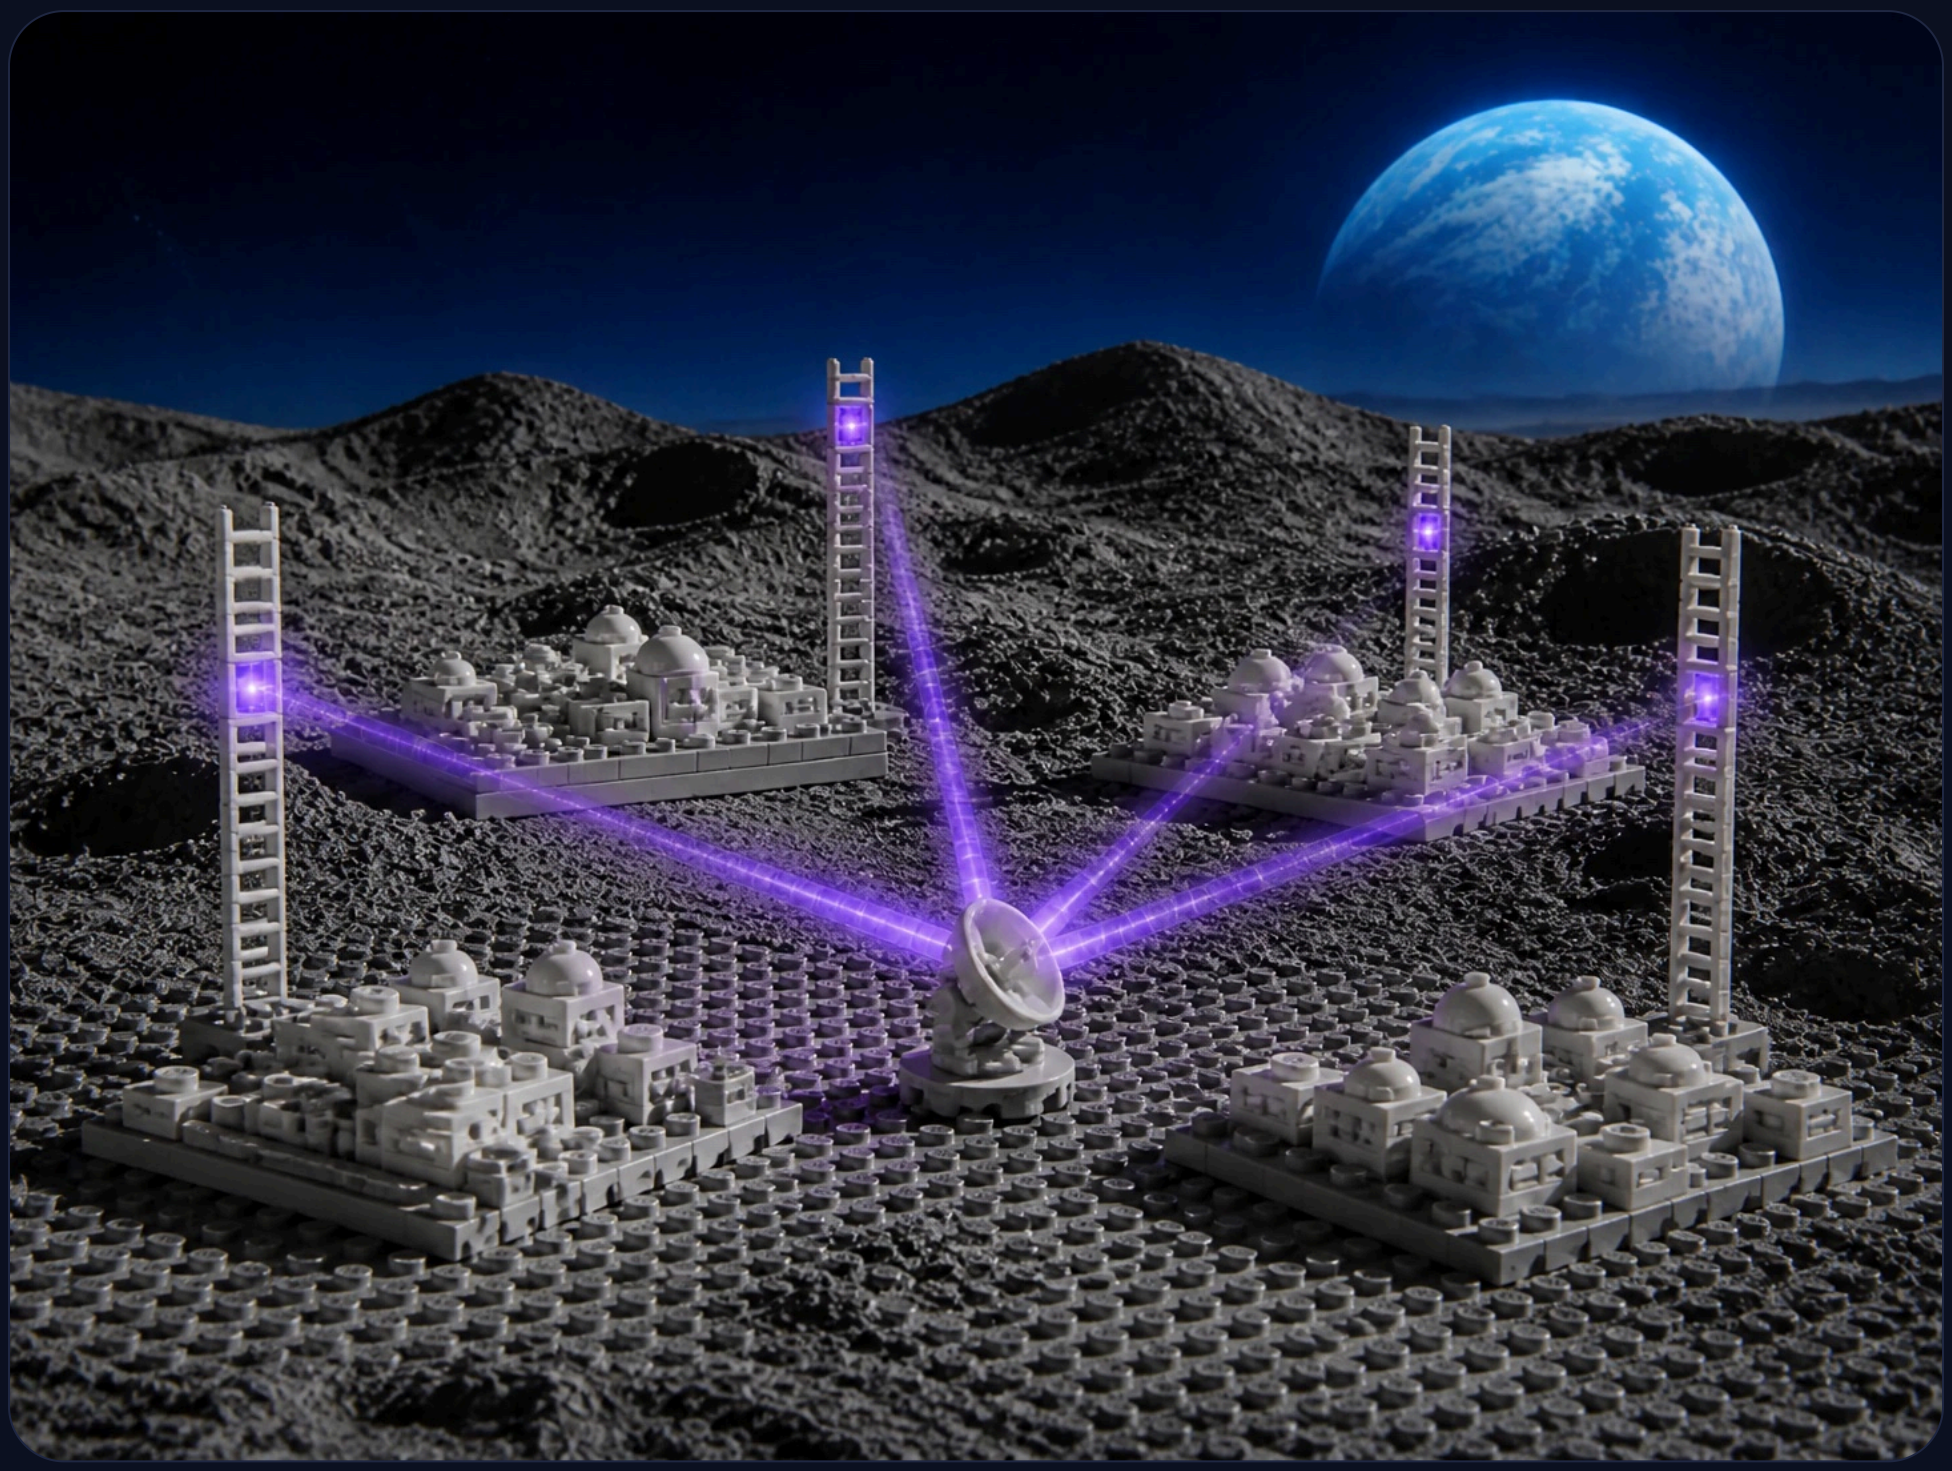

From a heap of findings to a short list, in the order worth doing.

STEP 3

Make the change on your site

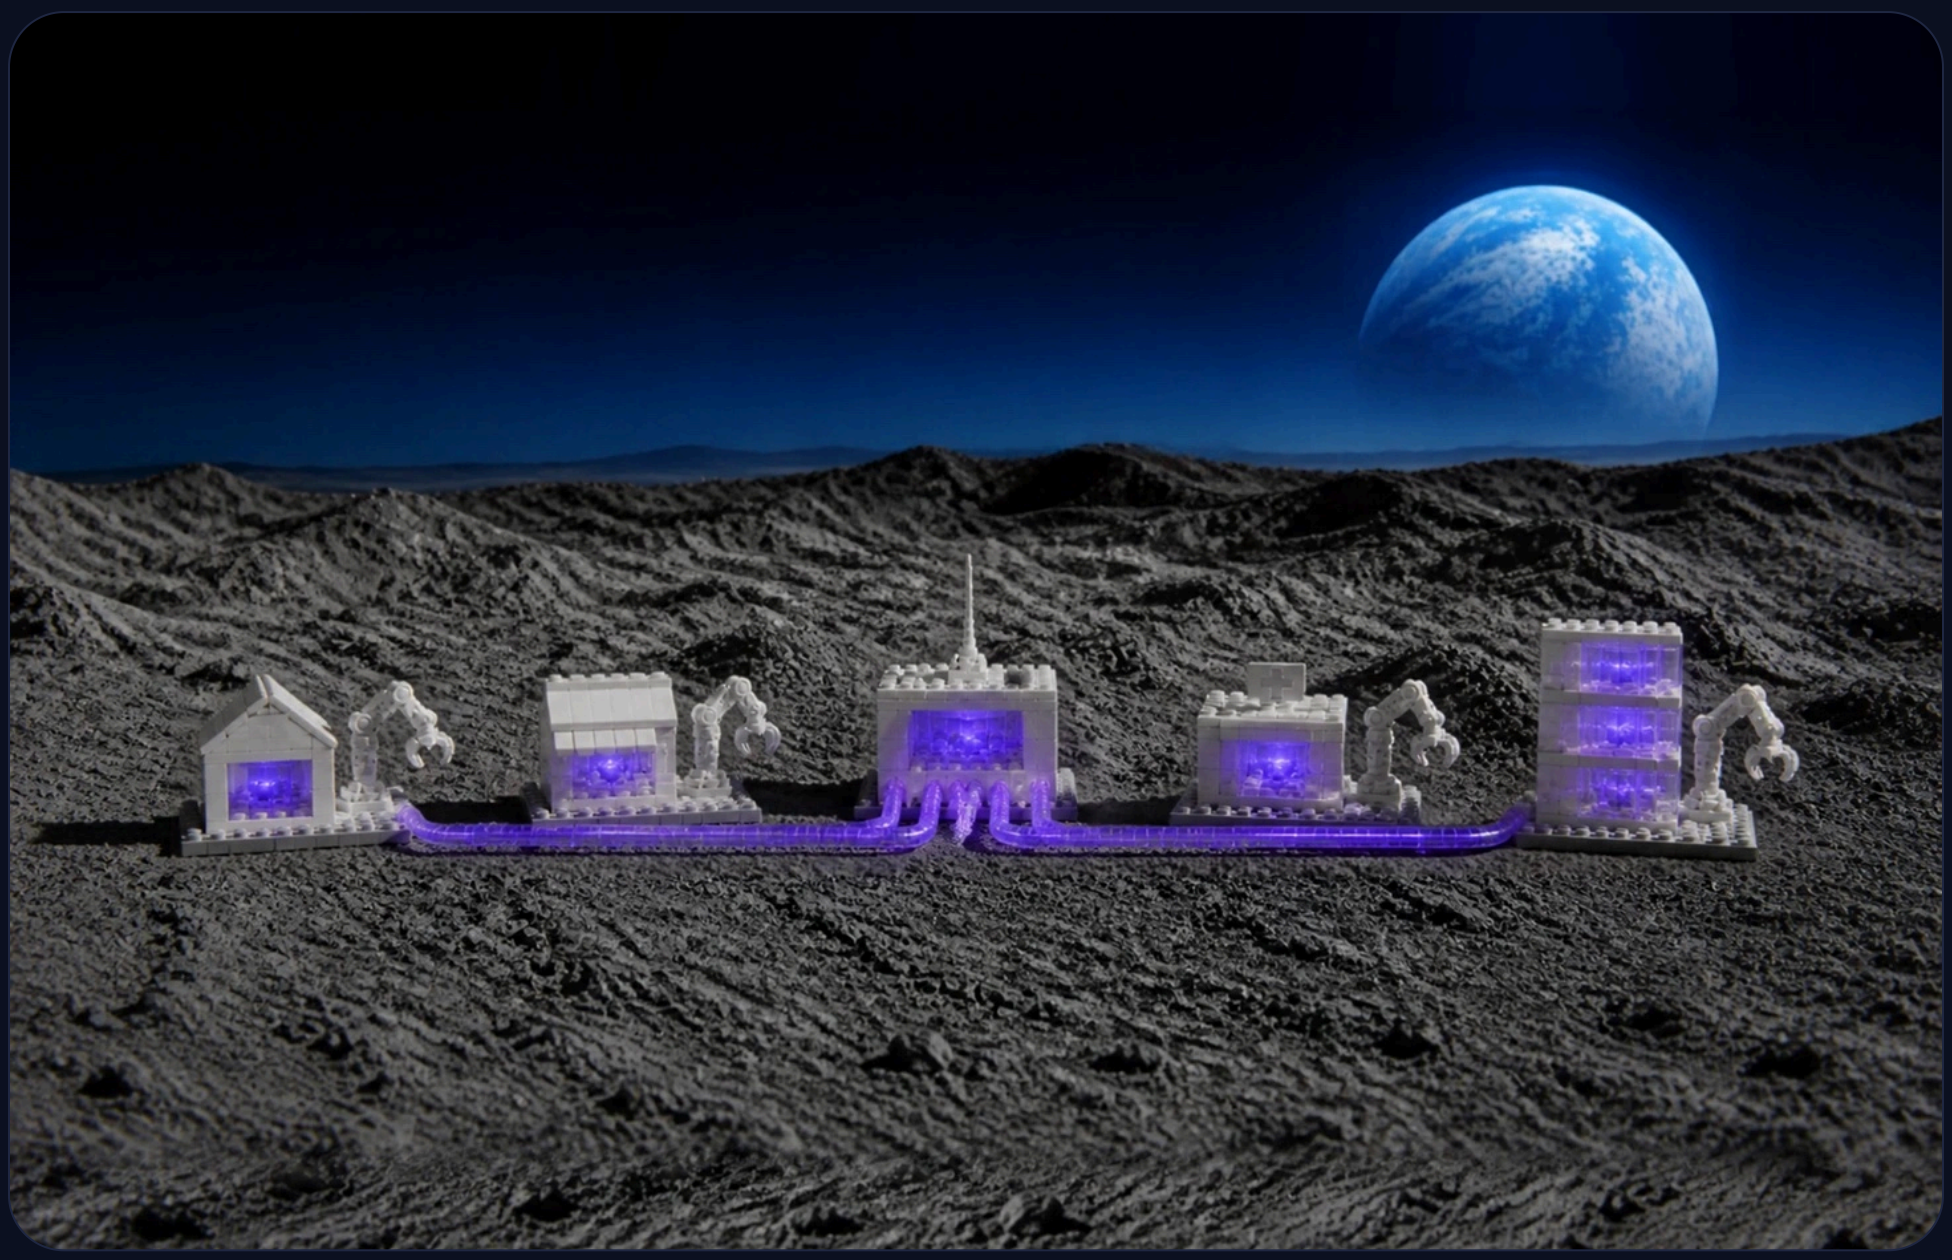

Fixes, page updates and new pages, written to WordPress, Shopify, Webflow and the other platforms it connects to.

STEP 4

Show what moved

Daily rankings for the searches you track, your spot on Google Maps, and whether AI answers like ChatGPT name you.

TRY IT

Try it on your own site

14-Day Trial for $1, credited to your first payment. Then from $99 a month. Start at the link in this post.
